DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/29/2007 has been entered.

Allowable Subject Matter

2. Claims 1 and 3-8 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1 and 3-8 are the inclusion of the limitations of an attitude unit that causes said robot apparatus placed on said diagnostic mat to assume a stance suitable for obtaining an image of the diagnostic mat by searching for a visual line direction of the stereo camera such that the texture fits in the region to be diagnosed within an image obtained by the stereo camera, and adjusting the size of the region to be diagnosed within the image obtained by the stereo camera such that the texture covers the size in the visual line direction of the stereo camera. It is these limitations found in each of the claims, as they are claimed in the combination

that have not been found, taught or suggested by the prior art of record, which make these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
